Enrollment Drops This Spring Quarter Term

Enrollment in the College for the spring quarter dropped to 670 students. This was a decrease of 147 since the winter quarter registration. Drop slips were made out by 85 students during the winter term. Last year 860 students enrolled with the Registrar for the winter term and 792 had enrolled for the spring quarter. The additional decrease from the normal pattern is undoubtedly a direct result of the war scare.

College Wins First Rating in National Press Association

First place has been awarded the Northwest Missourian, in the class for state college printed newspapers, in the 27th annual contest conducted by the Columbia Scholastic Press Association.

Complete details have not been received by the staff, but a radio announcement concerning the national honors was made at noon, Monday, March 12. An Associated Press release from New York, carrying an account of the contest results, appeared in the evening papers.

Copies of the Northwest Missourian entered in the annual contest were those printed after Easter and before Christmas in 1950. John M. Price, now a student at the University of Missouri, and Herbert L. Awe, a junior, were co-editors last spring. Herbert has been the editor in chief this year. Miss Violette Hunter is the Northwest Missourian adviser.

Missourian schools winning medalist honors are Christian Brothers College High School, St. Louis, for printed newspaper in schools with enrollment of from 501 to 750; Missouri Military Academy, Mexico, in class for private schools with printed newspaper; Southwest Missouri State College, Cape Girardeau, in class for Teachers Colleges with printed newspaper; and Illinois-Fornell High School, Illinois, in class for duplicated newspaper in schools with up to 300 students.

Because of the accident which interfered with her work, Miss DeLuce will not attend the National Art Education Association convention which will be held the latter part of this month in New York City. Miss DeLuce, a former president of the organization, was to have been one of a thirty-five member Committee of College Teachers of Art Education chosen from the entire United States.

FACTORY ADVISER Miss Violette Hunter

I DEFEND THE TEAM

To the Northwest Missourian:

I have read the editorial, "It Isn't Fair," published in the Northwest Missourian of February 14th and in order to be "fair" I would like to correct some impressions which might have been left by the editorial.

Our college is a member of the Missouri Intercollegiate Athletic Association and we are following the rules on scholastic requirements as set up in the constitution of the association. These requirements are:

(a) A player shall be a regular, bona-fide student of his institution, carrying and making passing grades in at least twelve recitation hours of college work per week (Twelve recitation hours are the equivalent of 7.5 semester hours).

(b) He shall have passed in twelve (12) recitation hours (7.5 semester hours) of college work per week during his last previous term of study in his institution.

As the representative of the college on the Conference Eligibility Committee, it is my duty to check the scholastic record of all athletes who participate in intercollegiate games. At the beginning of the season, the men who reported for basketball were checked for the hours of credit made during the previous quarter. One player was found to have passed in only five hours of work during the fall quarter and he was informed by the coach that he was not eligible for play during the winter.

The scholastic records were checked again when the mid-quarter reports were filed with the registrar. At that time there was no player who was deficient, that is not passing, in at least twelve hours per week (7.5 semester hours).

The list of men who participated during the season was checked for grades at the close of the quarter. When one considers the amount of time which athletes are required to put in on practice and in travel I think it is a distinct credit to the men of the basketball team that two made twelve hours of credit during the winter quarter, four passed in 11.5 hours, three made 11 hours, one made 10.5 hours, one made 10 hours and three made 8.5 hours. One player who participated took delayed grades in all subjects because of illness.

The scholastic requirements are the same in all conference schools, twelve recitation hours per week with passing grades. This, of course, does not necessarily mean "M" work, since "I" grades are passing.

The requirements for an "M" average for pledging a fraternity is one set by the fraternity and not the college. While it might be argued that an "M" average should be required of men who participate in athletics, the standard set by our conference is a passing mark in 7.5 semester hours work and each athlete who competes is required to maintain that average.

—H. R. Dieterich, Chairman
Athletic Committee.

YOUR VOTE IS SECRET

Some members of the student body are concerned about the numbering of ballots at the Student Senate elections. It is their opinion that by numbering the ballots your vote can be made known to certain individuals and indirectly to your respective organizations.

I assure you that your vote in the Student Senate elections this year has not been made known to anybody or any organization and it shall not be made known in any future election, unless there be a contesting of that election.

In case an election is contested, the Faculty Election Supervisor and the two judges (Student Senators), appointed to count the ballots, shall be the only persons having the authority to check the votes.

The Student Senate, in numbering the ballots, is observing the Student Government Constitution as described in the Student Handbook (Art. VI, Sec. 4-f).

I agree that this practice is not a good voting procedure, but until the constitution is changed by a democratic process, we must abide by the present regulation.

The Revision Committee of the Student Handbook has under consideration a proposal that would abolish the practice of numbering the ballots. In the very near future, you will be given an opportunity to vote on this amendment.

—Max Kinney
President, Student Senate

Miss Janet Wilson and Mr. David J. Crozier will complete the panel. Miss Wilson will talk on "Home Economics." Mr. Crozier's speech will be on "Industrial Arts."

Indian Schools Need Elementary Teachers

U. S. Civil Service Commission has announced that there is still an urgent need for elementary teachers in Indian service. The commission announced an examination for teachers in June, 1950, but to date sufficient qualified candidates have not been recruited.

The jobs being filled from the Commission's examination pay \$3,100 a year. Applicants will not be required to take a written examination. To qualify, they must show successful completion of a full 4-year course leading to a degree from an accredited college or university, including or supplemented by 24 semester hours in education of which 12 semester hours must be in elementary education.

Persons appointed to these positions will, under general supervision, serve as teachers in Indian schools. The teachers are provided with guides and professional help to aid them in organizing a teaching program based upon the needs of the local environment. Emphasis is put upon free use of English, group discussions and other informal processes.

Teachers in Indian schools associate constantly with Indians and must have a full appreciation of the Indian viewpoint and Indian culture, including native arts, crafts, music, and religious ceremonies. They are expected to be active participants in the community in which they work and exercise educational leadership.

Intermediate Club Is Sponsoring Excursion

An excursion to Bunker Hill Ranch Resort, April 27-29, is being sponsored by the Intermediate Club. The trip is open to all College students. The resort is located on the Current River in Shannon County.

Five years ago the ranch was deeded to the Missouri State Teachers Association by the late E. T. Behrens for use as a meeting and recreational center. Fishing, hiking, mountain climbing, boating and swimming are some of the available activities.

Further information on the trip is being sent to campus organizations by the Intermediate Club. Jessie Weddle, Donna Slattery, and Marilyn Van Hoozer are the committee in charge of the project.

Members of the A.A.U.W. Will Meet at College

Members of the Maryville branch of the American Association of University Women will meet in Room 207 at the College early in April. Mrs. Harry Shepley, program chairman, has stated that the program will probably be an address by one of the regional vice-presidents of A. A. U. W.

Hostesses for the meeting are as follows: Mrs. James Gutch, chairman, Mrs. J. J. Dixon, Mrs. Gilbert Brown, Miss Sara Donaldson, Mrs. Avis Graham, Dr. Irene Mueller, Mrs. F. M. Townsend and Miss Catherine Wray.

"Reality," a poem by Miss Mattie M. Dykes, appears in the March issue of the Sigma Tau Delta Rec-tangle, a national publication. Miss Dykes is sponsor of the local chapter of Sigma Tau Delta on this campus.

The Stroller

Having viewed March's inviting debut, The Stroller shined up his golf clubs and packed a picnic basket (one ham sandwich and twenty-four bottles) only to run smack in the middle of a snow drift. Bill Baker graciously volunteered to save the lunch. My, how he hates to see good ham wasted!!

Everyone is acting especially friendly these days. Could it be the campus politicians preparing for the coming elections? No campaigning necessary for Dick Twedell, who seems to be a cinch to take over the presidency of the Stood-Up Club. Terry Noah is boning up on the politician's handbook, "How to Win Friends and Stuff Ballot Boxes."

It may not have anything to do with elections, but there have been some fine political rallies lately at "Ye Olde Tea Room." Don Black and Pudge Muste be guarding campaign headquarters. Hank Sparkman, Izzy Nash, Bob Crockett and Martha Strickler had a huddle Saturday night to advocate the return of prohibition or something. Speaking of Hank, we agree that a mug with fraternity insignia makes a fine trophy, but why does it have to be the large 22 oz. size?

Those rumors that everything in Residence Hall is a first cousin to an iceberg were recently disproved. The exact cause of the fire is undetermined, but Jo denies that it was set purposely in hope that some men would come to the rescue.

One can see that spring isn't far away, by the fact that the MSC basketballers are staying out after 10 p.m. Several members of the obstinate sex do not appear too disappointed over the ending of the cage season.

The Stroller may be treading on dangerous ground for Bill Hull threatens to sue anyone who puts his name in the paper. He claims that, since he has never done anything noteworthy, any mention of him could only be derogatory.

Three Final February Lectures Close Series for College Year

During the latter part of February three thought-provoking lectures were presented. They served to bring to a satisfactory close this year's February lecture series.

Two members of the College faculty, Mr. James Johnson and Mr. William Trago Garrett, and one guest speaker, Dr. James L. Zwingle, president of Park College, presented their views on three timely topics.

W. A. Fannon Has Hobby in Painting

By DWAN T. WICK

Perhaps some of the more observant students have noted oil paintings on the closed door of the Administration Building. These are the products of Mr. W. A. Fannon, one of the school's janitors.

Mr. Fannon began his hobby about two years ago. It started as a sort of dare brought about when Mr. Fannon said he could do better than certain of the art students. They took him up on the idea and made him prove it!

The first pictures which Mr. Fannon drew were with pencil, then with water color, and finally with oil. The materials which are used to produce the pictures came from a few gifts and an outlay of perhaps five dollars cash.

Has Completed 25 Pictures Since starting in this interesting hobby Mr. Fannon has produced approximately 25 pictures, most scenic, which he has placed on exhibit from time to time on the third floor.

The actual working time in painting with oil takes from one to two hours, but to allow the colors to dry usually extends the production time to sometimes a week.

Currently on display on the third floor are two paintings, the latest of Mr. Fannon's work. One he entitled "Dreamland" and the other "When Cotton was King on the Mississippi."

Uses Local Scenes Mr. Fannon's ideas come from scenes where he has visited and from pictures. For local scenes he usually makes a rough pencil sketch of the locale and then develops the picture in his leisure time.

The background is usually applied first, and then work progresses toward the foreground, although this rule is subject to some variation, depending upon the colors required in the picture.

Mr. Fannon's main recompense from the hobby is the personal pleasure which he receives from the paintings, although a few have been "sold." The paintings were given away but the recipients gave him the cost of the materials.

Actually the hobby costs very little, as Mr. Fannon mixes his own colors, the principal cost of the painting.

AG Club members enjoyed the film, "Pigs for Profit," at their last meeting, February 6. The film presented many worthwhile practices to be considered in scientific pork production.

Several members decided to order new AG Club jackets at the meeting.

Service Fraternity Has Spring Smoker

Prospective Members Are Entertained; Officers Give Club's Ideals.

Several prospective members were entertained by the actives at the spring smoker of the College chapter of Alpha Phi Omega which was held at the Jimmy Vann cafe recently.

Jewell Rice, president of the organization, welcomed the guests and told them of the principles and purposes of Alpha Phi Omega. Jim Montague gave a short history of the fraternity from its beginning to the present day. Kenny Ausmus gave a talk on the financial aspects of membership in the organization.

Officers of the fraternity this quarter are Jewell Rice, president; Keith Adams, corresponding secretary; Donald Davis, treasurer; Jim Montague, reporter; Russell Terhune, historian. Officers are elected twice during the school year, thus giving more members administrative experience.

Alpha Phi Omega, a national service fraternity, was founded December 16, 1925, at Lafayette College, Easton, Pennsylvania. Since that time, the number of chapters has increased at a rapid rate. There are now 232 chapters in the United States and one chapter in the Philippines.

Membership in the Alpha Phi Omega embodies four fields of service activity: service to the student body and faculty, service to youth and community, service to members of the fraternity and service to the nation as participating citizens. To be a member of the organization, the prospective members must have had previous experience in the Boy Scouts of America and must prove an earnest desire to render service to others.

Delta Sig Pledges Honor the Actives

St. Patrick's Day Party Held in Tivoli Lounge Saturday, March 10.

The day of the shamrock is upon us once more and the Delta Sigma pledges honored Old Saint Pat (and the Delta Sigma actives, of course) in a party given in the Tivoli Lounge, March 10. Everyone was requested to wear her green jacket because of the general theme of the evening.

Brains battled luck as D. S. E. card sharks moved from table to table in a fast game of progressive canasta. Each of the card tables was decorated with tiny shamrock place cards.

The program consisted of several snappy Irish numbers. Some of the actives were requested to tell impromptu Irish jokes or suffer the consequences. Mary Lee Botkin did not have to suffer the consequences. Jo Cutler did a rather unusual version of an Irish jig while "The Three Shells and a Nut," better known as Ivy Crabtree, Mary Lou Moore, Betty Curry and Mary Lee Botkin sang a couple of songs. After more hi-jinks the actives turned the table on the pledges and asked them to dramatize their conception of an active Delta Sigma.

Refreshments of cookies, mints, and cokes were served. After the party, the group attended the midnight show with their guests.

However, the life of a Delta Sigma is not all play. All the Deltas have been studying for the forthcoming sorority test.

Ag Club Prepares for District Contests to be Held in April

Each spring, the Northwest Missouri District Contests in vocational agriculture and F. F. A. interests are held at the College. The dates of the contests this year are April 13 and 14. More than 250 boys are to be entered in 15 events, having to do with vocational and general agriculture.

The task of supervising the contests, grading papers and adding the total points gained in the contests, is enormous. As a result, members of the Ag Club assist Mr. R. T. Wright and Mr. F. B. Houghton, of the agriculture department, in this capacity.

Has Definite Objectives The Ag Club, as an extra curricular organization, sets its objectives as: an organization that enables boys of similar backgrounds, interests and experience to carry on activities of mutual benefit. Participating in the spring contests in the field of agriculture pursuit fulfills a large share of the objectives.

For its own members, the Ag Club will have a judging contest on April 12, using the same classes of livestock that are to be judged by the visiting vocational and general agriculture students. They are graded alike and are awarded medals and a trophy is awarded to the high point man in all events. To award and honor the winners in the Ag Club contest, the Annual Award Banquet will be held April 21 at Residence Hall.

Honors Fathers at Banquet The award banquet also honors the fathers of Ag Club members and the boys have their fathers as guests at the affair. A guest speaker is invited every year, who is outstanding in some agricultural field. Other activities of the Ag Club include an annual Barnwarming and participation in all school projects and functions. Officers of the organization are as follows: Delbert Gabbert, president; Kenny Benham, vice president; Don Grace, secretary; Russell Terhune, treasurer; Jim Montague, reporter and Ross Wilson, parliamentarian.

Round dancing to Dwan Wick's music, square dancing called by Arch Wilson and Bill Baber, and the ever-popular ping-pong provided entertainment for the group. Dancing was made more interesting by the use of unusual partner-changing devices.

Bea Straight, mistress of ceremonies, introduced the president, Oretta Knipmeyer, who presented the sponsor, Mrs. Helen Gee, and other officers of the club: Mahlon Hewitt, vice president; Wilbur Wright, secretary; Dick Gordon, treasurer; Mary Belle Bast, reporter; Joe Collier, parliamentarian.

Mahlon Hewitt, accompanied by Marilyn Gruber sang, "That's My Desire" and "Dream." "Darktown Strutter's Ball," a song and dance routine by Colleen Ammons and Wilbur Wright, was next on the program, followed by Oretta "Tweety-Pie" Knipmeyer and Dick "Sylvester" Gordon singing "I Taut I Taw a Puddy-Tat." Following an encore, "Shortenin' Bread" by Oretta and Dick, refreshments were served.

Chairman of the party committee was Mahlon Hewitt, and he was assisted by Peg Andrews, Norma Smith, Bill Baber and Randy Lovell. Invitations were in charge of Beverly Crane, chairman, Richard Bryson, and Allen Garrison.

College Trackmen Prepare Earnestly for Big Meet This Saturday

Bearcats Will Be Hosts at Columbia

Only Four Varsity Men Return From Last Year's Team. Anderson Leads Squad

Coach Milner Takes Pessimistic Attitude; Lacks Dash Men, Has No Quarter-Milers.

Here on the Maryville campus men are rallying to Coach Ryland Milner for ardent practice sessions in an extreme effort to hoist another championship trophy into their ranks.

Test Comes Saturday
First test for the new track team will come Saturday, March 24, at Columbia. Competitive MIAA teams will gather in the University of Missouri's spacious fieldhouse to decide in preview fashion, who the champion of the 1951 Indoor Track Meet will be.

Merit of previous accomplishments has earned the speedy Maryville Bearcats the privilege to be hosts at the meet this year. While acting as hosts last year the Maryville tracksters accepted the victory laurels by accumulating 44 5/6 points as compared to Cape Girardeau's 40 1/3.

Past Was Good
Memories of this and other victorious track teams of years past cloud Coach Ryland Milner's vision as he scans the new Green and White tracksters on the Bearcat running grounds in this realistic year of 1951. What he sees are only four returning lettermen and a large group of hopeful and energetic, but young and inexperienced under men.

"If we pick up 25 points in the Indoor Meet we will be lucky," he expresses pessimistically, and goes on to explain: "All the sprint men and all quarter-milers are gone." He also comments wearily on Maryville's weakness in the field events.

Trackmen Report
Trackmen reported for drill immediately following the opening of quarter, but since then conditioning has been limited to the indoors because of unfavorable weather.
Number one man on the Bearcat roster is dynamic Don "Mick" Anderson. Sensational running feats last year of the mile and two mile races have established the record-breaking junior as a "ten-point man."

Mick Holds Record
Mick holds the best time for the Indoor Conference in both distance races. A running of 4:33 for the mile and 10:03.6 for the two mile in the last year's meet established new records and gave the sophomore sensation a prestige he upheld throughout the entire season and has great promise of maintaining this year.

A second letterman is hurdler Bob McClure whose fine performance in the Outdoor Meet last spring gives him top billing in the sixty yard high and low hurdles. Bob captured only a third in the high hurdles last year in the Indoor Meet, but finished the season strongly with an enviable placing of second in the high hurdles and first in the low hurdles at the Outdoor Meet.

James Has Point Value
Fred James, another hurdler, will also be of point value to the Bearcats. Fred was fourth in the high and fifth in the low in 1950's Indoor Meet.

Frank Bollinger is the fourth letterman reporting for drill. Flying high in the pole vault event, Frank managed to contribute points to Maryville Outdoor Meet success by taking a fourth place. His return plugs the gap of the pole vault event.

Dashmen Are Lost
Dashmen, such as Don Neil, Pat Zuchowski, and Phil Carter were lost by graduation and as yet have not been replaced significantly.

At Wormsley, workhorse of the last two championship track meets, was usually a five point man in the field events of the discus, shotput, and javelin. A suitable replacement is yet to be found.

Sharp Comes In
Dick Schoneberger, who jumped 6' 1 1/2" to bring Maryville 5 points at last year's Outdoor Meet, may find a replacement in Hubert Sharp from Craig, or in his brother, Roger, from Tarkio.

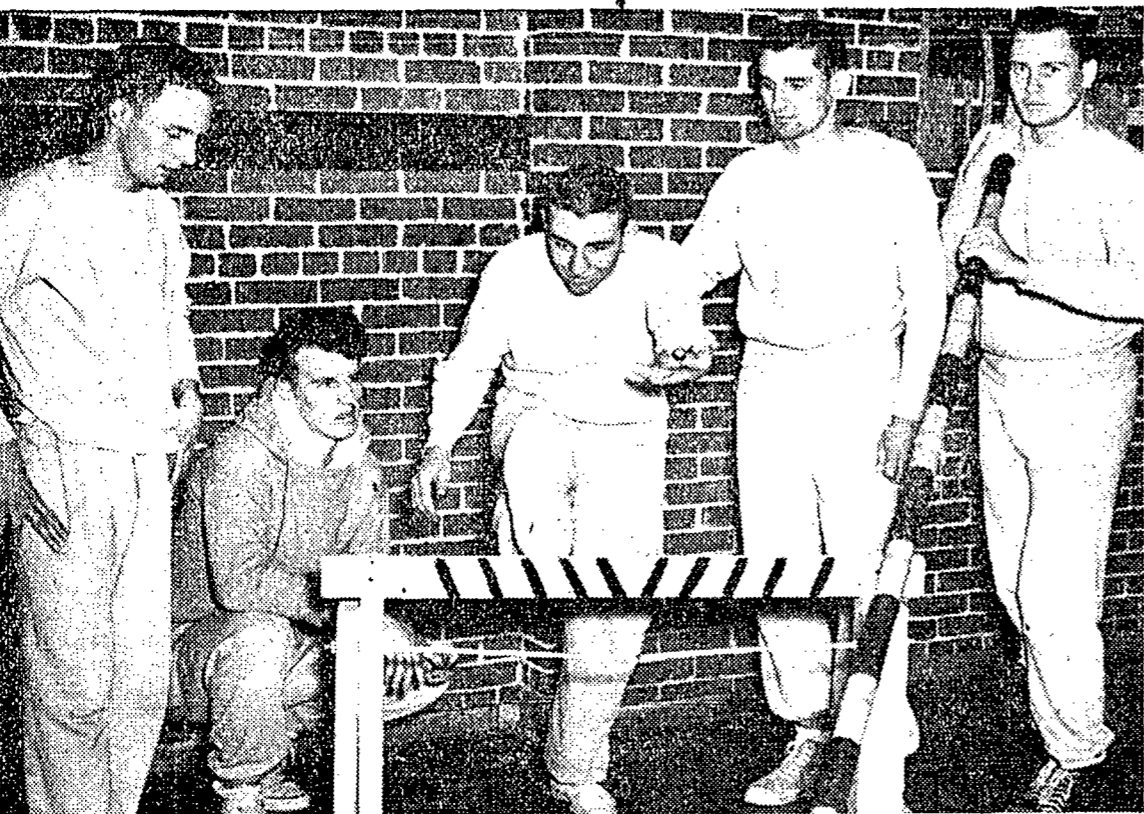

Also, a key man in the broad jump, Dick leaves the event to Dick Buckridge's responsibility. Buckridge, a yearling, in collecting points in conference meets, is a broad jumper of about 20 feet. Schoehman approximated near 23 feet.

Loss of Norman James and Lynn Leffert has left the quarter-mile an open event. The mile relay, once Maryville's climaxing point getter, will be a painstaking event because of loss of the dashmen who composed the relay.

Mrs. Margaret Baker Cottrell, former music major at the College and now elementary school teacher in Waterloo, Iowa, is a first violinist in the Waterloo Symphony Orchestra.

Mrs. Cottrell, daughter of Mr. and Mrs. Frank W. Baker, 921 W. 2nd Street, Maryville, was a member of the Northwest Missourian Staff and a member of Alpha Sigma Alpha sorority on the campus.

Reputable Distance Runner Gets Advice from Hurdle Ace

Bob McClure gives distance runner Mick Anderson a few pointers on the art of scaling a low hurdle. Trackmen are drilling earnestly for the Indoor Meet at Columbia, March 24 at which they are hosts. Left to right are Dick Buckridge, Bob McClure, Mick Anderson, Fred James, and Frank Bollinger.

Intramural Spring Program Includes Softball, Badminton, Volleyball, Co-Rec Play Nights

Schmoos Easily Win Intramural Tourney

Blueyed Buglers Finish Second; Are Defeated Twice by Winners.

First place intramural honors went to the dynamic Schmoos team, which, traditionally, for the past four years, has virtually been composed of the same members.

Each team in the double elimination tournament had to be defeated twice before eliminated from further competition. One loss put the defeated team into the losers' bracket, from which, if successful enough, that team might be the winner of that lower bracket and have an opportunity to meet the winner of the upper or winners' bracket.

Buglers Enter Finals
The Blueyed Buglers met the Schmoos in the finals for the upper bracket. Neither was defeated but the Schmoos power pushed the Buglers 55-44 into the lower bracket, just in time to tangle with the Convicts who had beaten the Independents 37-27 to emerge as a finalist team of lower bracket.

The energetic Buglers downed the Convicts in a close encounter and then with one loss challenged the Schmoos once again for the tournament championship. The Schmoos needed just one game to win the tournament; the Buglers had to have two victories to win.

Schmoos Relax
The Schmoos relaxed for the first final play-off and the Buglers went from a 19-12 halftime score to win in a 46-20 walk-away. Each team had one loss and the next game was played with a little reward.

Schmoos men opened fast in this battle and never did relinquish the lead. From an 8-2 lead in the first quarter they battled to a 15-10 halftime margin. The Buglers fought to within three points for a 24-21 third quarter score, but the Schmoos rallied successfully and dumped in Ph. D.

"Students should set aside their own interests and more actively participate in school activities," believes John J. "Moon" Mullen. The Maryville student remarked the other day, "Successful College has to have continuous student body loyalty." "The students make the school and all organizations must work together for greatest results." Lack of college loyalty is a big weakness of all institutions throughout the country," he states. "and Maryville is no exception!"

Moon added, "The athletic field needs a scoreboard and flag pole. . . and the student body should in some way support an effort toward securing the two."

He was surprised in noting that Maryville had an era of great basketball teams although the school is not known too much for its hardwood prowess. . . Under Hank Iba, Sparky Stalcup and Ryland Milner, Maryville had an outstanding heritage in basketball. . . also the physical education department is tops in the state in turning out successful coaches. . . in statistical comparison. . . Maryville leads all other "Showme" schools in the percentage of top quality mentors.

Mullen's first love is coaching. . . at first, high school. . . then working with crime prevention groups. . . Moon is seriously interested in helping underprivileged groups.

On this subject he knows what he speaks. . . he has coached in the crime prevention league at Philadelphia, Pa. In 1939 Moon guided the middleweight division of the Philadelphia crime prevention league to the championship. . . Previously, he had been active in high school sports. . . Later played. . . and did coaching work in the Philadelphia semipro league and at Christian Brothers in St. Joseph.

Mullen came to the Midwest from Philadelphia in 1942 and is a veteran of W. W. II. . . Moon finds time to write for newspapers. . . does sports publicity work for College Fieldman Everett Brown. . . As for his age. . . "Moon" quips, "I'm just a little above the average college age."

Note that Warrensburg had dropped Dayton of Ohio. . . a team which won two games in the National Invitational at Madison Square Garden.

Intramural champs. . . "The Schmoos". . . were led to victory by brilliant Max Hochenauer (at least that is what Max says!)
Fortunate is the college which has such a well-rounded intramural program. . . Softball season will get underway and teams are shaping up. . . Ace hurler Carroll Licht will twirl again this season. . .

Warrensburg Wins MIAA Crown Title

Springfield Takes Second Standing; Maryville Is Third in Close Race.

Coach Earl Keith's Warrensburg Mules, with eight wins and two losses, won the 1950-1951 MIAA basketball crown. The mules gained significant respect in thrashing the power laden Springfield Bears.

Coach Bob Vannatta's Bears of Southwest State were second in the running with two losses inflicted by Warrensburg, and an upset slugged by the unpredictable Cape Indians. Having been rated as the number one cage fatter in the conference, Springfield faltered badly near the end of the season.

Maryville Wins Six
Maryville obtained six wins but was overcome twice by Warrensburg and Springfield. Coach Peterson's men, however, had an opportunity to set Warrensburg back into a tie with Springfield the last game of the season, but the Mules remained strong and determined and cruised to an easy victory.

Kirkville and Cape Girardeau were the two teams which kept the conference running in a jumbled mess. Warrensburg was cruising along nicely until Cape Girardeau met them in a first encounter and knocked them into a conference tie with Maryville and Springfield.

Springfield Loses Two
Springfield, having taken two losses from the Mules, was then put into second standing by the same resurging Cape Indians who wouldn't recognize impending odds. Kirkville gave Warrensburg its second loss and enabled the Springfield Bears to do a little wishful thinking for a conference tie before Maryville failed in accomplishing a win.
